

## Proposed spending of Sports Premium 2017-2018

During each academic year, every primary school receives a Primary PE & Sport Premium Grant from the government. Each school receives a different amount of money depending on the number of children it has. In September, the Sport Premium Grant doubled. This was due to soft drinks companies having to pay a levy on drinks with added sugar.

The grant is given to help schools develop their PE curriculum and to increase the number of children participating in PE and sport in and out of school time.

Below is an action plan of how we intend to spend the Sport Premium Grant to best benefit the children.
